Transportation Assistance Grant Form for Tule Ponds at Tyson Lagoon Field Trips

We have funding available from the Alameda County Flood Control and Conservation District for both public transportation and school district buses. A check will be sent for \$100.00 to cover the costs of BART and AC transit if your class qualifies. We have a limited amount of funds for school district buses. Please note the cost of your school district buses below. We can reimburse the cost for school buses in full or in part upon receipt/invoice.

To be assured that the funding goes to the proper person or account we require signatures from both the school Principal and teacher. The Principal also needs to note who to make the check out to if you are applying for public transportation funding. Please write a short paragraph below and state the reason(s) that you are requesting transportation assistance to the Tule Ponds at Tyson Lagoon for your field trip. **Please return the form with your Tule Pond at Tyson Lagoon Field Trip form via fax, mail or email:**
