Tule Pond at Tyson Lagoon Field Trip Form

Thank you for your interest in a free Tule Ponds at Tyson Lagoon field trip. Our field trips are free for Alameda County Schools under contract from Alameda County Flood Control and Conservation District. We have 100 free trips for the 2006-2007 school year which are available on a first come first serve basis (50 reserved for low income schools). The field trip is 2 hours which includes a lecture, walking tour and class activity/lab that is aligned with the California State Science Standards. For more information on the field trip curriculum for grades 1st through 6th please visit our website at <http://msnucleus.org> and click on "field trips" on the left hand side of the page. We have room for a maximum of 30 students and require that there are sufficient helpers for the class size. **Please fill out the form below and note the date and time slot you would prefer: 9-11 or 12-2. Return the form via fax, mail or email information to the Math Science Nucleus.**

Schools that request to have lunch before or after the field trip must have a travel time of more than 30 minutes. Teacher's must supervise and enforce recycling and clean-up after lunch. Optional lunch places are located nearby at the Fremont Library and Lake Elizabeth.

NOTE: After booking we require a minimum of 2 week cancellation or subject to \$50.00 penalty unless due to severe weather. We are reimbursed the cost of the field trip from the county only if we provide the service. We can not guarantee that cancellations can be rescheduled. If it rains? This facility is a flood control area, and during rains we can still visit the ponds. We will have umbrellas to walk a shorter version of the trail. We have appropriate hands on activities inside. If the rains are very hard, we will reschedule if we have available dates with no penalty.
