

Geology

# ROCK & ROLL

Sat. Oct 3, 2026 10-4pm

## Educator Open House

Children's Natural History Museum

4074 Eggers Drive, Fremont CA

*Staff can guide you through the museum and explore options on how K-12 students can use specimens. Discuss future field trips or homework assignments. FREE rock, fossil, and mineral specimens for classroom use. Lesson plans on how to integrate with other subjects. Specimen identification and help from real scientists. Even bring samples and we can help identify.*

Teachers and their families are welcome to join us for a rockin' time! Meet geologists, paleontologists, seismologist, and other earth scientists that can help you make this subject hands-on!

10:30 Integrating elements and compounds with minerals

11:30 Integrating Rocks with Plate Tectonics

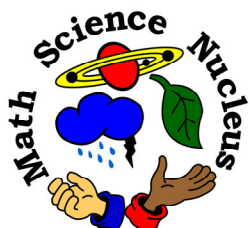

12:30 Teaching SF Bay Fossils Vertebrates and Invertebrates

1:30 Hayward Fault and the lost of habitat over time

2:30 Incorporating trip to museums in your curriculum

Sponsors: Math Science Nucleus, University of California, Museum of Paleontology,  
Northern California Geologic Society

Register to make sure we have enough materials.
